By earning KU credits while completing AEC Level 4 and 5, students will finish their first year of college

KU is providing online options for students who are unable to study on campus due to COVID-19. This course schedule is intended to provide students with examples of coursework that will be available during the Fall 2021 semester. Final online course schedules may vary based on individual student needs and course availability. Courses may limit the total number of participants and availability may change once a course reaches capacity. Alternate course options are available to ensure students have sufficient options to meet necessary degree requirements.

Online course options may change and may not be guaranteed for future terms beyond Fall 2021. Additional course information will be provided as it becomes available.
